# DESIGN VALUES

As an interior design partner in the hospitality industry, we understand better than anyone how important it is to create an attractive interior that radiates hospitality but also is functional.

Your wishes and ideas are key to the design.

A new hospitality interior is so much more than selecting furniture. It is the realization of a desired atmosphere where guests feel at home.

We believe that a well-chosen interior plays a key role in the experience of atmosphere and taste. We look at the client's wishes and together we create an experience to remember for your guests.

EET- & WERKCAFÉ KLEURRIJK, NIJVERDAL (THE NETHERLANDS)

## FROM CONCEPT UNTIL OPENING

We are there for companies & institutions that have hospitality high on the agenda and are willing to invest in an appropriate interior to stimulate and facilitate the experience of their guests as best as possible.

Our focus sectors are:

- > HOSPITALITY
- > (HEALTH)CARE
- > RECREATION, SPORTS & LEISURE
- > OFFICE & CONFERENCE

From that one ultimate eye-catcher of a chair to a complete cushion interior design. From a small restyle to a complete remodel. Furniture, design and realization.

# All the ins & outs of interiors.

## YOUR PARTNER FOR THE HOSPITALITY INDUSTRY

We know the ins & outs of customization, have an extensive collection of quality indoor & outdoor furniture, are independent in terms of atmosphere, style & budget, take a full-service approach and have an extensive network of various specialists around us. And that is exactly what makes us a valuable interior design partner for other sectors in (or related to) the hospitality industry. Because making your guests feel at home is not only about creating a number of beautiful, functional or ergonomic pieces of furniture. It's all about feeling, pleasant guest experience, well thought-out routing, healthy choices and optimal ease of use. We call this combination 'guest-friendliness'. Whatever experience you want to give your guests, it's your choice. How you bring this experience to life in your environment is something we can help you with.

SUSTAINABLE

# Aware of human and materials

## A RESPONSIBLE CHOICE

In today's society, sustainability and environmental awareness are of increasing importance, which also increases the focus on sustainable interior choices within the hospitality industry.

A sustainable interior begins with the choice of materials. Using recycled or reusable materials, such as wood, rattan, cardboard and metal avoids unnecessary pressure on natural resources. Saving energy is also an important aspect of sustainability. For example, our range of lighting mostly consists of rechargeable LED lamps. When compiling our collection, we try to take the environment into account as much as possible. In this way, both we and our clients can contribute to a responsible future.

## HOUSEPITALITY IN HEALTHCARE

Designing a healthcare facility functionally smart, without sacrificing personal character and a pleasant atmosphere, is an art. Hospitality makes the difference here. We are convinced of that. We approach an optimal healthcare interior from a hospitality perspective with healthy hospitality and comfort as a starting point.

This is because we believe that the interior of a healthcare facility or residential environment can contribute positively to the well-being of residents. Whether for a short or long period of time, feeling "at home" is very important. Healthcare interior design is more than considering practical use, functionality and durability. Comfort and style are equally important. We take all these facets into account and have the right experience to execute everything from A to Z.

This material is low in maintenance and very suitable for intensive and professional use. The sofa elements have a powder-coated metal frame. Because of the powder coating, the frame will last for years! These sofas are available in low and high seating with a seat height of 47 or 80 centimeters, respectively.

Choosing good lighting goes beyond providing light in dark rooms. Lighting sets the mood and affects the look of a room. We have a wide range of lamps. From hanging lamps to table lamps and from floor lamps to wall lamps, which will put any room in good light. We are happy to advise you in making your choice.

## BREATHTAKING APPEARANCE

Finding the right lighting often proves to be a difficult task. For example, our extensive range of indoor lighting includes models that illuminate their surroundings 360 degrees and provide a timeless look.
